

BAMBOO X-TREME™ ACCESSORIES

Cliplam® Fastener + screw

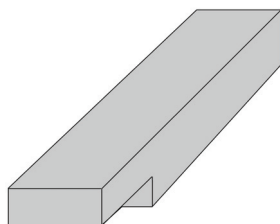

With these fasteners BAMBOO X-TREME decking can be installed. When installed correctly there will be 5-6mm gaps between the boards. The clip is supplied with a matching A2 stainless steel screws (torx).

Product Code	Item	Material	Color	Dimensions (mm)
CLIP-SCREW-BX02	Clip	PP	Black	33 x 21,5
	Screw	A2 stainless	Black	4 x 40

Sub frame joists

The BAMBOO X-TREME sub frame joists are made of the same material as the decking boards: high density heat treated bamboo.

Product Code	Material	Finish	Dimensions (mm)
BO-SB150	High density heat treated bamboo	Unfinished	2440x70x40
